## Best of BS Opinion: Corporate tax cuts, pollution challenge, and more

Other views consider Adani's airport plans, the intrusion of investigative agencies in lawyer-client relationships, renewable energy and the role of state pollution boards. Kanika Datta sums them up

Kanika Datta October 10, 2019 Last Updated at 06:30 IST

Finance  
Minister  
Nirmala  
Sitharaman's  
big bang  
September 20

announcement on tax cuts has divided analysts on its efficacy in spurring growth. Former Chief Economic Advisor Shankar Acharya says these seemingly generous cuts will have a marginal impact in the short run but could have a significant impact in the medium term if the government were to undertake meaningful reform measures, such as labour, land and tax policies and improving the climate for ease of doing business. Read it here. Other views consider Adani's airport plans, the intrusion of investigative agencies in ...
